	CrossTec SchoolVue		CrossTec VueX		CrossTec SchoolVue Assistant (iOS, Android, Kindle)		SchoolVue Student Tablets (Google Chromebook and Chrome Browser)	
Features	Tutor	Student	Tutor	Student	Tutor	Student	Tutor	Student

	CrossTec SchoolVue		CrossTec VueX		CrossTec SchoolVue		Google Chrome	
Compatible	VueX, Assistant, Chrome		SchoolVue		SchoolVue		SchoolVue	

For SchoolVue Tutor to see VueX clients the Tutor will need to have a VueX license file in the Install directory. VueX clients still limited only to the VueX options.

For a VueX tutor to see PC Clients will not need to have a pc license but will be limited to the number of Mac licenses and the PC clients are limited to the Mac tutor Options.

SchoolVue Assistant will only work with SchoolVue Version 11 and up.

Google Chrome requires the Name and Connectivity Server and will only work with SchoolVue.
